

September 2006

My Dear Friends, long time no see.

Greetings from Joy and I wish you all well.

YOU ARE BEAUTIFUL was finally approved by IRS last month, and we are moving on to reaching out to more women. I would like to update you about what is going on with YAB . We are preparing our proposal - Entrepreneurship for Youth to the State College School District. Our goal is to go to the local High School to teach girls about finance and then to Middle School next.

I have an appointment with Dr. John Sheridan, the Director of Learning Enrichment and Student Services. We will meet on Tuesday, Sept. 5th at 1pm (EST). Feel free if you have any insight and ideas to call or email me. Also, I am leaving this coming Friday to join Sheng-Tung in Taiwan.

If you watch the news you will find out that on September 9th, millions of people will protest in front of Taiwan's President Hall due to the first family's massive scandals. This is a turning point for this nation. Our friend is one of the police chiefs in that area, we will stay at her office pray for those policemen (about 3000 on duty) and their families. Keep this nation in your heart as we ask "Behold, a King will reign in righteousness and princes will rule with justice."

September 13-16 Sheng-Tung and I will be in Thailand. This is my first visit; my heart is helping those young girls who sold into the market by their families, and abandoned socially. Pray for my connections; I hope in the future we can have business teams to go there to help and create some business opportunity.

I hope you won't feel heavy in your heart, for me. I feel releasing to my next stage of my ministry and I run for it. We also need different resources. If you or someone you know is part of a Bank or Investment Company, I would love to share other opportunities to work with us. We are also working on our first 250 copies of a butterfly note book; we can use this note book for our programs and tools.

So many things to share - but pray for open doors, resources, workers, flow of finances, harvest, and disciples.

Thanks!

-Ordinary Women, Doing Extraordinary Work, What Are You Going To Say?

You Are Beautiful-

Joy
